# Review matches or adjust search criteria to find more matches

The screenshot shows a mobile application interface with a top navigation bar containing icons for Home, Account, Trips, Matches, Tools, and Notifications. Below the navigation bar, there is a notification: "Note: You have carpool invites waiting, please respond! Invites are highlighted in yellow." Below the notification are buttons for "Match Me" and "Matching paused".

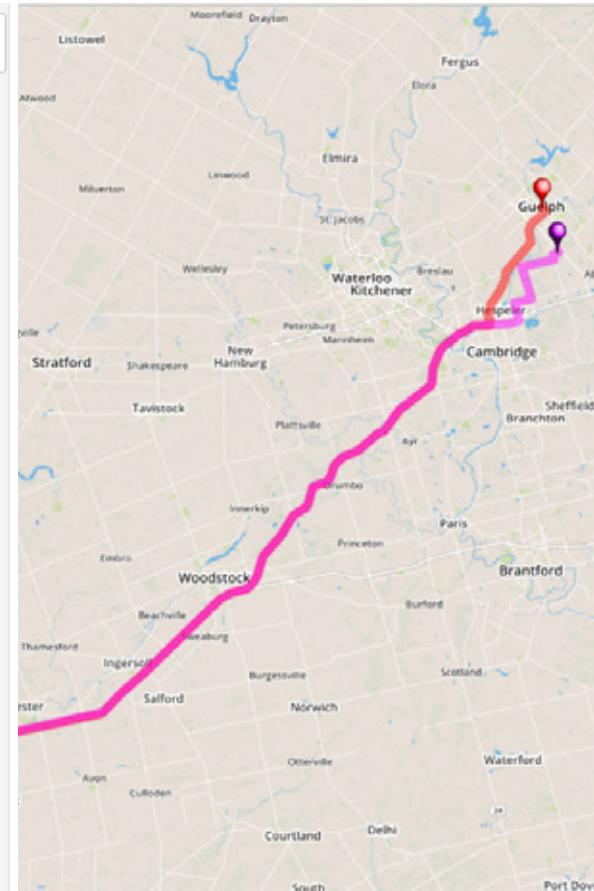

The main content area is divided into three sections: "My Trip", "Options", and "Matches". The "Options" section is currently active and displays several filters:

- Distance from route: 4: Somewhat Close
- Schedule difference: 4 hours
- Match one-time trips?: Yes
- Match one-way trips?: Yes
- Non-smoking/Smoking: Any
- Same gender: Any gender
- Match language?: No

At the bottom of the "Options" section is a blue "Go" button.

The "Matches" section is partially visible on the left, showing a list of potential matches. Each match entry includes a "Details" button, the user's name, and their role (e.g., "Regional Rideshare" or "Carpool Ontario").
