

***THIS INFORMATION IS INTENDED TO HELP CARPOOL DRIVERS & PASSENGERS
REDUCE THE RISK OF EXPOSURE TO COVID-19.***

Carpooling Etiquette

1. Refrain from carpooling if you can. Walking and cycling are preferred commute modes at this time as you can maintain better **physical distancing**.
Physical distancing means keeping a distance of at least two metres from others at all times.
2. Reduce the number of passengers in your vehicle – 1 passenger maximum at any time.
3. A passenger **MUST** sit in the back seat (diagonal from the driver).
4. Be Exclusive. Reduce your risk to exposure by limiting the number of different individuals you carpool with.
5. If possible, keep the windows open during your commute.
6. Store all personal belongings in the trunk.
7. **Use personal protective equipment** whenever possible.
 - a. Passenger and driver **MUST** wear a non-medical face covering.
 - b. Both passenger and driver should consider wearing protective gloves.
8. Both passenger and driver **MUST** thoroughly **wash their hands** before entering the vehicle.
9. Avoid all contact between driver and passenger.
10. **Sneeze or cough into your sleeve** or cover your mouth and nose with a tissue.
11. Avoid touching your eyes, nose and mouth.
12. Thoroughly **disinfect** vehicle regularly.
13. Respect your driver's cleaning supplies, distance, or other safety precautions.
